Cut all the following pieces before beginning to assemble your card.

- Main pocket piece - whisper white card stock cut at 3-3/4" x 10" score at 5", use project life framelits to cut the frame out of the front pocket
- Insert piece - whisper white card stock cut at 3-1/16" x 4-3/4", punch two small butterfiles to attach to the top of the insert
- 2 track strips - 1/4" x 4-7/8"
- 2 strips - 1/4" x 3-1/4"
- Acetate window sheet - 3-1/2" x 4-3/4"
- Color frame - 3-3/4" x 5", line up with the front window and die cut the piece out.
- Card base - 4-1/4" x 11", score at 5-1/2"
- Designer Series Paper - 4-1/8" x 5-3/8"

1. Create the pocket by stamping on the back piece of the whisper white card stock.
2. Line the acetate sheet up over the already stamped and stamp in Staz On ink.
3. Color the image that was stamped on the background piece.
4. Adhere the acetate sheet to the front of the pocket underneath, using tear and tape.
5. Adhere the longest track strips down on each side of the piece that is colored in.
6. Adhere one small strip at the bottom of the pocket piece.
7. Adhere the other small strip to the bottom of the insert piece.
8. Cut a slit in the top along the score line of the pocket piece. Measure where to cut by placing the insert down on top of the pocket and mark the edges.
9. Adhere the 3 sides together that do not have the slit in the top. Make sure the insert is in the pocket before adhering it together.
10. Use adhesive to adhere the DSP piece to the card base.
11. Use dimensionals to adhere the pocket to the card base.
